## Coronavirus (Covid-19) Catch-up Premium Report

### SUMMARY INFORMATION

Total number of pupils: 142      Amount of catch-up premium received per pupil: £80

Total catch-up premium budget: £11,360

### STRATEGY STATEMENT

The Intent of our Catch-up Premium Strategy is:

- to accelerate progress to close academic gaps reading, writing or maths which may have emerged during lockdown due to Coronavirus
- to reduce emotional barriers to learning which may be contributing to a widening academic gap
- to provide high quality support over and above Quality First Teaching
- to provide support over and above funding already in place eg Pupil Premium

**Tier 1: Cowling School strives to deliver a quality first curriculum combined with quality first teaching with additional TA support where necessary.**

In this tier Catch-up is provided via QFT to all year groups in school with lessons planned according to cohort need with regard to learning missed during lockdown. Emotional well-being is a whole school focus and in Sept 2020 staff used the Centre for Literacy in Primary Education (CLPE) resource "Here We Are" to support pupil's return to school following the first lockdown March- July 2020. We continue to provide emotional support to pupils through strong teacher-pupil relationships and additional pastoral support provided by three trained Teaching Assistants.

## Coronavirus (Covid-19) Catch-up Premium Report

Due to Covid restrictions we have tried to keep our bubbles as separate as possible which has meant for the Autumn term we have had to adapt our curriculum with a focus on reading, writing and maths. Some foundation subject areas such as music and dt have been blocked and moved into the Spring term once gaps in reading, writing and maths have been effectively closed. The lockdown of January 2021 (Jan 5th) has also necessitated some adaptation of our curriculum with a move to Google Classroom for the vast majority of pupils.

CPD: Teachers have access to high quality CPD through the HARTS teaching alliance, Burley Woodhead English Hub, White Rose Maths Hub and NYCC.

### **Tier 2: Following teacher assessment actions are taken to provide intervention for identified pupils with the greatest learning loss.**

Targeted interventions are run three times a week with at least one session teacher led and the remainder led by experienced teaching assistants. Intervention takes place before school, at lunch time and during the afternoon. There is a focus at Cowling on closing gaps in reading and writing as this is where the biggest loss has been identified as shown in Autumn assessments, although children also need further support in their maths reasoning and problem solving. Additional resources have been purchased to support catch up intervention: Bounce Back Phonics and Pathways to Progress writing intervention.

In the event of lockdown for the whole school, small groups or individuals children receive a curriculum which mirrors as closely as possible the learning going on within the classroom. Learning is delivered via Google Classroom. Chromebooks have been provided to children who were unable to access Google Classroom to allow them to continue learning at home even if their bubble is closed. Where possible Intervention continues for children via Google Meet eg phonics. Two daily live sessions are provided by the teacher and feedback is provided. Work is set by teachers to best meet the needs of the children.

School has identified 63 KS1 and Ks2 pupils in the Autumn term requiring catch up support - which is 44% of our school.

Intervention has an assessed starting point and an end of assessment which will show progress with our children able to know more and remember more of their learning.

### ADDITIONAL INFORMATION

Internal assessment and reporting software: SIMS

- Evidence from the EEF [families of schools database](#) Graphs shows we are performing well compared to similar schools r,w,m Y6 three year trend, at expected standard and higher standard reading, writing and maths KS2
- Analysis of attendance records Autumn 98% Pupil Sessions missed: Autumn Code 7 (Positive test) 87 sessions,
- Code 8 (self-isolating) 1,241 sessions 84pupils (This compares with 0 Code 7 and 13 pupils missing 61 sessions in October.) January lockdown 2021.
- Year 3 and Year 4 pupils had two weeks self-isolation in November 2020 and moved to online learning via Google Classroom (36 pupils, 6 staff)
- Year 1 and Year 2 pupils had 1 week self-isolation (just before the Christmas holiday) December 2020. Isolation period is now 10 days. (30 pupils, 4 staff)
- Autumn Support staff shortages mitigated through staff taking on extra hours and 1 additional TA to support SEND pupil.
- Teacher staff shortages covered by SLT and support staff Autumn term.
